

hopster | MAKE YOUR FLUFFSTER FAMILY

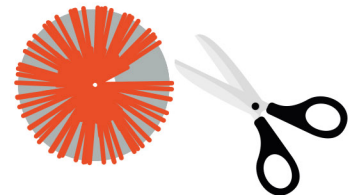

What you need: > 2 templates > 8 x 5 metres of cotton > 30cm of cotton
> Fluffster face stickers > scissors

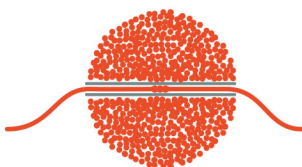

- 1 Place both template discs on top of one another, wrap the end of a 5 metre length of cotton around the template and tie a knot. Keep winding the cotton around the discs as evenly as possible until the first 5 metres of cotton is used up. Repeat this process with each 5 metre length of cotton. When it starts getting tricky, move on to step two.

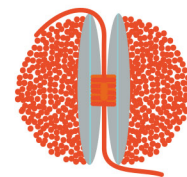

- 2 Use the rubber end of a pencil to keep pushing the string through the hole until the hole becomes too small or until you finish the cotton.

- 3 Slip some cotton apart to reveal the discs then carefully stick your scissors in between the two discs and slowly cut the cotton all the way around.

- 4 Grab the 30cm length of cotton that's left, wrap it in-between the two discs then tie a knot; pull tightly so that it keeps all of Fluffster's fluff together.

- 5 Gently remove the discs by pulling them away from one another and then using your scissors, carefully snip off any loose cotton ends.

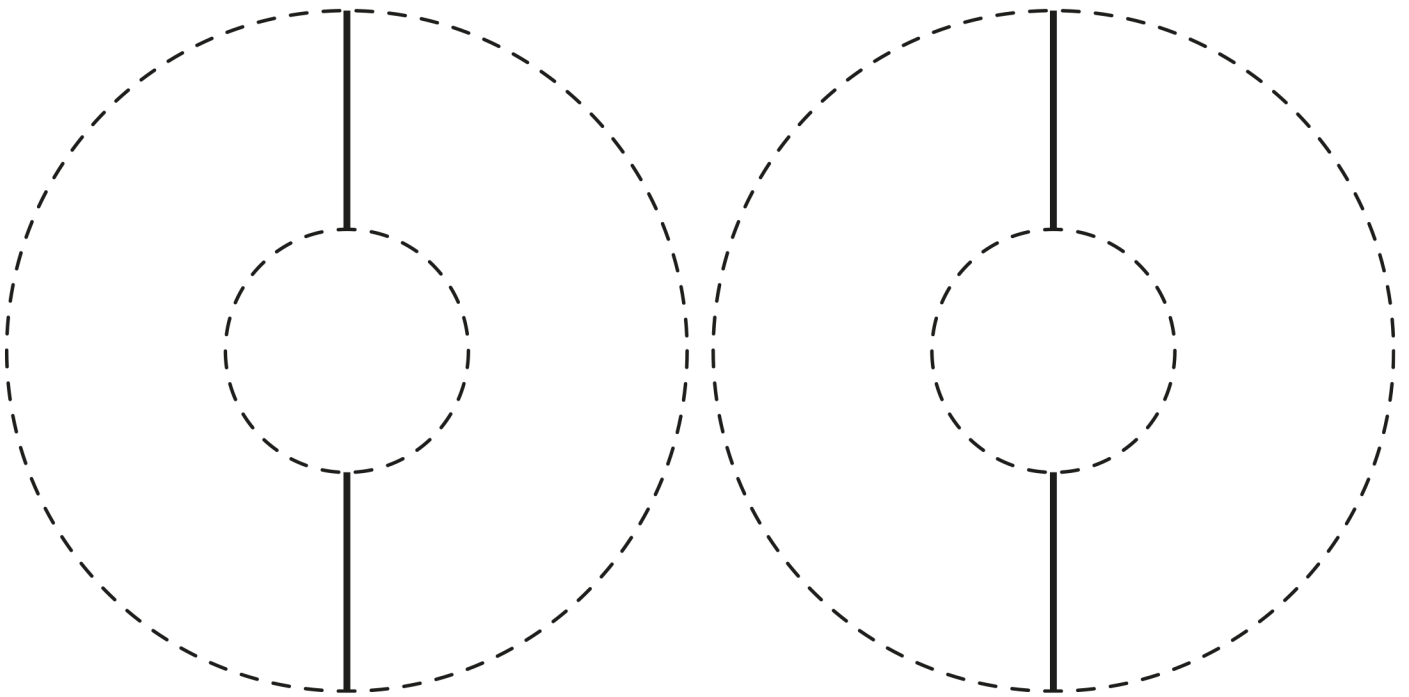

- 6 Now stick on Fluffster's eyes and mouth and voilà, say hello to your very own Fluffster.

hopster | MAKE YOUR FLUFFSTER FAMILY

1 Carefully cut around the outside of each template.

2 Fold each disc in half along the red line then carefully cut out the centre circle.
